Graduate Faculty: All University Faculty with professional rank in any department with a graduate program authority. This includes professors, associate professors, assistant professors, instructors, and emeritus faculty who have one year of graduate faculty status.

Academic Staff: Professional and administrative personnel other than faculty with duties and types of appointments that are primarily associated with higher education institutions or their administration. Their principal role is related to research, teaching, outreach, student services, information technology, libraries, communications, clinical/health services, or other responsibilities.

Faculty Affiliate: Faculty member or academic staff whose home department is outside C&I and who has a temporary affiliation with C&I without governance right or a continuing departmental commitment. A Faculty Affiliate with affiliation with C&I can count as an inside member but cannot be counted twice as the outside member also. *Contact the C&I Department administrator for list of Faculty Affiliates.*
